**Re: Proposal for 34MW (6 x used Mitsubishi 18KU30A) HFO Power Plant  
- Supply, Installation, Testing & Commissioning**

Thank you for your enquiry of 30MW HFO power plant to be erected in OM Al Qasr port in Southern Iraq. We are gladly to propose the below for your consideration.

**1) PROPOSAL SERVICES SCOPE**

- 1.1 Supply of 6 units used Mitsubishi 18KU30A generating sets coupled with 11 KV / 50 Hz generator and related used auxiliary equipment / electrical switchboard and control panels
- 1.2 Installation & Erection of all 6 units Mitsubishi/ generator and engine platform, exhaust gas stacks, air intake manifolds and air intake filtration, LT/HT cooling circuit and air cooled radiators, HFO / LO separators, Fuel oil booster units, air compressors / air receiver unit, exhaust gas boiler and condensers and related circulation pumps and etc.
- 1.3 Testing & Commissioning for the equipment only supplied by us.

Date : 08-06-2022  
Our Ref. : PGP2206020

## 2) **SCOPE OF SUPPLY**

### 2.1 **Supply of 6 units used Mitsubishi 18KU30A HFO Generating Sets and Related Auxiliary Equipment**

#### 2.1.1 **6 units used MITSUBISHI 18KU30A HFO Generating Sets**

[Condition : As is, where is]

Engine manufacturer	:	MITSUBISHI Japan
Engine Type	:	18KU30A
Engine Output	:	5,884 kW
Year of make	:	1998
Alternator Type	:	TOSHIBA TAKL DE
Power Rating	:	5,652 kW
Voltage / Frequency	:	11KV / 50Hz
Speed	:	750 rpm
Year of make	:	1998
Running hour	:	Approx. 21,000 hours

#### 2.1.2 **1 Lot used / new Related Auxiliary Equipment for 6 units Mitsubishi 18KU30A HFO Power Plant**

Auxiliary equipment consisting of:

##### 2.1.2.1 **(used) Control Panels & Switchgear Panels**

- Electrical MV / LV Switchboard / NER switchboard
- Control Panel for Engine / Generator / Master control and DC supply

Date : 08-06-2022  
Our Ref. : PGP2206020

2.1.2.2 **(used) Lube Oil System**

- Lube Oil Cooler
- Lube Oil Separator
- Lube Oil Pump

2.1.2.3 **(used) HFO Separator**

2.1.2.4 **(used) Air Intake Filter & Silencer**

2.1.2.5 **(used) Air Compressor and Starting System**

2.1.2.6 **(new) Air Cooled Radiator**

2.1.2.7 **(new) Heat Recovery Boiler**

**2.2 Installation & Erection**

To install & erect of 6 units Mitsubishi 18KU30A HFO generating sets and related auxiliary equipment as above stated in item 2.1.

- 2.2.1 Fabrication of all pipes, instruments between engines and related auxiliaries
- 2.2.2 Laying / termination of all power cables and control cables between the main engines / generators to auxiliary's panels and LV / MV / control switchboards
- 2.2.3 Flushing of all pipes before T&C
- 2.2.4 Testing of all auxiliaries, electrical switchboards function and termination before T&C

Date : 08-06-2022  
Our Ref. : PGP2206020

### **2.3 Testing & Commissioning**

2.3.1 To provide a team of engineers (engineers and supervisor in a total of 5 persons) to supervise the E&M installation of 6 units Mitsubishi 18KU30A generating sets, auxiliary equipment and MV / LV / Control Electrical Switchboards.

2.3.2 To provide all records, manuals, after T&C.

2.3.3 To provide training for your operation team during installation/T&C.

#### **Remarks:**

##### **A) Owner should provide below services and equipment at power plant site:-**

- ♦ Temporary Office at site with general facilities
- ♦ Water supply / electricity supply at site
- ♦ HFO / Diesel oil / lube oil for flushing / T&C
- ♦ Visas for our team
- ♦ Assistance for applying for Certificate / Permit for environmental / electrical / local authorities and etc.

##### **B) Excludes the scope of below:-**

- ♦ All civil works, pilings, concrete foundation, road, pavement, fencing, drainages, septic tanks and etc.
- ♦ Steel structure power house with overhead crane, ventilation, and lighting
- ♦ Storage tanks for HFO, diesel and lube oil tanks for 14 days operation.
- ♦ Local transportation of all goods and cargoes at destination country
- ♦ All taxes (import permit, VAT, customs duty, withholding tax etc.) applied in destination country

Date : 08-06-2022  
Our Ref. : PGP2206020

### 3) **Terms & Conditions**

#### 3.1 **Price :**

Total price US\$ net, CIF Basra port, Iraq.

#### 3.2 **Payment :**

- 3.2.1 30% of total contract sum to be paid by T/T within 7 days upon signing contract.
- 3.2.2 50% of total contract sum to be paid by T/T after inspection at site.
- 3.2.3 20% of total contract sum to be paid by T/T before dispatch of HFO generating sets.

#### 3.3 **Completion time :**

Approximate 6 months after signing contract and first down payment received  
(i.e. item 3.2.1)

#### 3.4 **Validity :**

15 days from date of this proposal.
